OUSTED.

Judge Halsey Files an Important Opinion

Removing William Krickbaum From the Office of County Commissioner.

On Monday morning last the papers in the case involving William Krickbaum's title to the office of county Commissioner were received in the Prothonotary's office, and among them was a lengthy opinion by Judge Halsey, of Wilkes-Barre, who presided specially in the case. The opinion would fill over three columns of this paper, and it is therefore not printed in full. The substance of it is that Mr. Krickbaum violated the Act of 31st March 1860, which reads as follows:

"It shall not be lawful for any councilman, burgess, trustee, manager or director of any corporation, municipality or public institution to be at the same time a treasurer, secretary or other officer subordinate to the president and directors who shall receive a salary therefrom or be the surety of such officer, nor shall any member of any corporation or public institution or any officer or agent thereof be in anywise interested in any contract for the sale or furnishing of any supplies or materials to be furnished to or for the use of any corporation, municipality or public institution of which he shall be a member or officer or for which he shall be an agent, nor directly nor indirectly interested therein, nor receive any reward or gratuity from any person interested in such contract or sale and any person violating these provisions or either of them shall forfeit his membership in such corporation, municipality or institution and his office or appointment thereunder and shall be guilty of a misdemeanor and on conviction thereof be sentenced to pay a fine not exceeding five hundred dollars."

It was admitted that Jeremiah Snyder was treasurer of Columbia county, and William Krickbaum was a commissioner, and that Mr. Krickbaum was one of the sureties on the treasurer's bond. Judge Halsey finds that a county is a corporation such as is named in the Act, and that a commissioner is such a trustee as is contemplated by the Act, and so made the following order:

"Now 11th day of March 1901, judgment is entered in this case upon the demurrer against William Krickbaum, the defendant, as guilty of unlawfully holding and exercising the office of County Commissioner for the County of Columbia, Pennsylvania, and that the said William Krickbaum the defendant be ousted and altogether excluded from such office and that the relator recover the costs of the proceedings from the defendant."

Concerning the other matters charged by the relator, that is, the publishing of the County Statement, Sheriff's proclamation, furnishing printed blanks &c., contracting for gas, water and electric light for the county while being a stockholder in these corporations, Judge Halsey says:

"As to the other suggestions contained in the information, it is not clear that they are not traversed by the answer of the respondent. It is certainly so as to most of them by direct denials and as to the other by qualified denials that would seem to make it necessary to send them to a jury. However, as we have reached a conclusion that will compel us to enter judgment upon the demurrer in favor of the relator, there does not seem to be any necessity at this time that we should take up and discuss those allegations in the suggestions which possibly may be admitted in the answer and covered by the demurrer."

Concerning the filing of a new bond on which Mr. Krickbaum was not surety the court says:

"The amendment filed on the 11th of February 1901 to the answer does not in our opinion, change the status of the respondent to the bond of the County Treasurer upon which he is a surety. The bond alleged in the amendment would not relieve the respondent from his liability between the date of the qualification of the County Treasurer and the date of the giving of the new bond, because it does not appear in the answer that the

THE HAND of DEATH

Has Been Felt in Many Homes During the Past Week.

Infrequently, Indeed, Does Death's Register Contain So Many Names.

JOSHUA HUGH ALLEN.

Again has life's uncertanties been demonstrated. Once more has the oft repeated saying, "the old must die, and the young may die," been verified. Seldom does there a day pass that some death is not recorded. Sunday morning, a little before seven o'clock occurred the sad death of a young man who had not yet attained his majority. Joshua Hugh Allen, eldest son of Mr. and Mrs. W. B. Allen, of Iron street, an unusual favorite, not only with his young friends and associates, but with every one who knew him. The announcement of his death came to the community very unexpectedly. Although a great many knew that he had been ill and that the malady with which he was afflicted was serious in nature, but few outside the family circle imagined that his condition was so critical or that the death angel hovered near.

Early in November the symptoms of the disease known as diabetes manifested themselves and he was forced to leave State College, where he had been a student for three years, and come home, since which time he had been under the care of a physician. He at times showed signs of improvement, and rallied to such an extent that he was able to be out and about. On Friday, however, his condition assumed an alarming phase. The disease baffled treatment and on Sunday morning his spirit left its earthly tenement. His exact age was nineteen years, ten months and twenty-six days. As stated above he had been attending State College for about three years, pursuing a course in mechanical engineering. He would have graduated from the institution in June. Cut down in the morning of life, with a bright future before him, his death is indeed sad, and the sympathy of the whole community is extended to the sorrowing parents.

The remains were removed Monday evening to the home of his grandmother Mrs. Joshua Fetterman, on Main street, from which place the funeral took place on Tuesday afternoon at two o'clock. Services were conducted by Rev. Dr. Hemingway, of the Presbyterian church, assisted by Rev. M. E. McLinn, of the Lutheran church.

A delegation of Sigma Alpha Epsilon, a fraternal order connected with the College, of which the deceased was a member, attended the funeral in a body and conducted a short service over the remains.

A. L. TUSTIN.

The home of Mrs. J. P. Tustin on West First street, had a visitation of death Sunday morning when the life of her son, A. L. Tustin, ebbed away. The deceased was well known by reason of his having been connected at one time with the Irondale Company, and later with the First National Bank of Catawissa. With the first mentioned corporation he filled the position of book-keeper. He was cashier of the bank for several years or up until the time that failing health compelled a change of climate. In 1893 he went to Colorado, thinking that the atmosphere of the far west would be beneficial. But not so. As time passed he grew weaker, and at last decided to come home. He arrived here Thursday last. He was taken to the family home, where his death occurred as stated.

The deceased was thirty-eight years old. The surviving members of the family are a mother, two sisters and two brothers. The funeral was held yesterday afternoon, conducted by Rev. J. D. Smith of the Baptist church.

GEORGE F. VAN BUSKIRK.

The death of George F. Van Buskirk which occurred Monday morning, removes another of Bloomsburg's aged residents. He has lived here since 1892, moving to this town from Hughesville, where he had been engaged in the furniture business. For some years after locating in our midst he was employed at the furniture fac-

A SUICIDE.

Dr. Zaner, a Former Resident of this County, Cuts His Throat.

Brooding Over the Death of His Wife, which Occurred Recently, the Supposed Cause.

We clip the following from the Wilkes-Barre *Record*. The subject was born and raised in this county. He was a son of the late John Zaner, and up to the time of the latter's death which occurred a few years ago, resided at the family homestead in Fishingcreek township. It was after his father that the Zaner station on the B. & S. Railroad was named. There are two sisters still residing in this county, Mrs. Frank M. Hess of Stillwater, and Mrs. Alverna Hess, of Bloomsburg. The *Record* says:

"Despondent over the loss of his wife, to whom he was greatly devoted, Dr. Lloyd Zaner, a son of the late John Zaner and a prominent veterinarian of this city, on Saturday attempted suicide by slashing his throat and wrists with a razor. The deed was committed in his office at the livery stable of Charles Zellner, rear of the Bristol House.

Since the death of his wife about two weeks ago Dr. Zaner has brooded continually over his loss and became nervous and was unable to sleep. To some of his friends he told of his sufferings and stated that death would be a relief to him. A change was noticed in his manner, but no one thought he contemplated so rash a step.

On Saturday morning at 7 o'clock he went to his office and talked freely to Mr. Zellner for several minutes. the latter then went away and did not return until about 8 o'clock. He called for the doctor, but received no answer. Looking about he discovered him lying at the rear of the apartment in a pool of blood. He had cut his throat with a razor, severing several arteries and partly severing the windpipe. Both wrists were also cut.

After his wounds were dressed he was taken to the Mercy Hospital. Last evening he was getting along nicely and unless blood poisoning sets in he will probably recover.

Dr. Zaner is 36 years old and graduated as a veterinary surgeon from the University of Pennsylvania. He came here from Columbia County several years ago and built up a nice practice. Since the death of his wife he has lived with his mother-in-law, Mrs. White and her daughter, on South Main street. He has two sisters residing in Columbia County."

Dr. Zaner died from the effects of his injuries at the above named hospital Tuesday morning at ten o'clock.

Editorial Trip.

A number of editors from this section will join a party at Scranton on Friday, and go to Buffalo to inspect the buildings and grounds of the Pan-American Exposition. The train starts from New York so that there will be a large number in the party. The editors take the trip as the guests of the Lackawanna Railroad. Those who go from here will not reach home until Sunday noon.

HIGH WATER

Carries Away Two Bridges and Partly Destroys Another.

Overflowing Streams Cause Consternation to People Residing on Low Lands.

A severe rain and wind storm swooped down on this section Sunday night. According to reports received from different sections of the county, it was quite general in extent, and the damages wrought by it will reach thousands of dollars. The Central Pennsylvania & Western Railroad suffered heavily. One of the company's bridges across Green creek, between Orangeville and Rohrsburg was carried away by the swollen current, and two others badly damaged. The one at Eyersgrove and another near Washingtonville. Traffic of every description has been abandoned for the present.

The streams rose with a rapidity, seldom equalled and the increased strength of the water together with the huge cakes of ice swept nearly everything before it. A bridge over Briarcreek some distance this side of Berwick was swept away, and the water did considerable damage to property in that vicinity.

Many persons living along what is known as Little Fishingcreek, in the vicinity of Mordansville, were obliged to get up about two o'clock in the morning, and remove their live stock to places of safety. The streams had overflowed its banks and the water covered the low points in the land to the depth of several feet. A number of cellars in town were filled with water, and the road between the two bridges a short distance below town was completely inundated.

Sacred Concert.

The service at the Y. M. C. A. building next Sunday afternoon at 2:30 will be a sacred concert under the leadership of Mr. F. B. Hartman. The program will be very attractive and a delightful hour is in store for every one who will be fortunate enough to be present.

Several numbers will be rendered by the male choir, and also choirs of mixed voices.

A full orchestra will play under the direction of Mr. F. N. Turner.

All men are cordially invited.

Expanding their Business.

The well-known firm of I. W. Hartman & Son is making extensive improvements to their store building on the corner of Main and Market streets and after April 1st the entire first floor will be used in the conduct of their constantly increasing business. The rooms until recently occupied by Mifflin & Terwilliger, are being repaired and the partition between the two rooms entirely torn out to make additional space. The work is being done by Samuel Shaffer.

FIERCE MARCH GALES

Many States Suffer Loss of Life and Property.

HEAVY DAMAGE CAUSED IN CHICAGO.

Telephone and Telegraph Lines Badly Crippled Throughout the Middle West—Tornado Cuts Wide Swath In Texas.

CHICAGO, March 11.—One of the worst windstorms of the season struck Chicago early yesterday and during the two hours that it was at its height damaged property throughout the city to the extent of $175,000. Many heavy plate glass windows were blown in. Telegraph and telephone companies were the worst sufferers, and it will be some time before order can be restored. Thousands of poles were blown down, and Chicago was practically isolated from the west and northwest by telephone and telegraph.

The long distance telephone service was crippled so badly that it was of little value. Up to a late hour last night neither Milwaukee nor Minneapolis could be reached by long distance telephone.

The storm is believed to have been most severe in southern Wisconsin. Along a short stretch of the Milwaukee road in southern Wisconsin 500 telegraph poles are down.

Reports from many points in Indiana and Kentucky also indicate heavy damage from the storm. The Western Union and Postal Telegraph companies suffered severely by fallen poles. It was estimated that there were not fewer than 5,000 poles in the city thrown down by the fury of the wind and storm. Service almost as far west as Omaha was stopped until late in the evening.

At the life saving station at the mouth of the Chicago river it was considered the worst gale which has struck Chicago harbor since 1894. The water, lashed into fury, came up to the life saving station and flooded the floor for the first time in 12 years.

Many Texas Towns Visited.

HOUSTON, March 11.—News from Saturday's storm is now coming from northeast Texas. The casualties were small considering the amount of territory visited, but there are four dead and five believed to be dying at Wills Point, where the property loss will reach $100,000. Five persons were badly hurt at New Boston, though not fatally. A number of houses were wrecked. The property loss there will reach $75,000. At Blossom no one was seriously injured, but the damage to residences was great. At and near Emery, Raines county, one man was killed, and several persons were hurt, two seriously. The damage to property was heavy.

Michigan Telephones Crippled.

DETROIT, March 11.—Over 10,000 telephones were rendered useless yesterday by the rain which fell and froze during the entire morning. The 30 mile an hour wind which accompanied the rain raised havoc with the wires, weighed down as they were by ice. Officials of the Michigan Telephone company estimate their total loss in the state at $20,000. Street car service was greatly impaired during the morning by the ice. The storm was general throughout the southern part of the state, wires suffering everywhere.

Bursting Dams Cause Destruction.

PROVIDENCE, March 12. — Two dams at Wanskuck, just north of this city, burst yesterday afternoon, carrying away two wooden buildings containing nine persons, all of whom have been accounted for excepting one. The upper dam burst first, and the water with a rush swept away the lower dam a few minutes later. Over this lower dam were two wooden buildings, each 60 feet square and three stories in height, run as a cotton mill by George Weedin. These buildings were crushed by the flood.

Cloudburst and Lightning.

ROCHESTER, March 11.—A severe thunder and lightning storm passed over Rochester between 9 and 10 o'clock last night. At Charlotte, seven miles from here, there was a cloudburst. The village was flooded, and considerable damage was done. At the same time lightning struck the barns on the stock farm of ex-Congressman Halbert S. Greenleaf, and they were burned to the ground, together with their contents, consisting of 43 blooded Jersey cows, 24 thoroughbred horses and 200 tons of hay and straw.

Much Damage In Arkansas.

LITTLE ROCK, March 11.—The heavy rain, wind and thunder storms which swept over Arkansas did great damage. At Conway 15 business houses were unroofed, three others were blown down and many stores flooded. Reports from Pine Prairie say that a tornado struck there, wrecking everything in its path. A boy named Turner was killed.

Long Drought Ended.

NEW YORK, March 12.—The hard rainfall which began about 8 o'clock Sunday night and continued until nearly noon yesterday served to relieve Manhattan from the prospect of a water famine. The weather bureau reported that nearly three inches of rain had fallen in this vicinity. This is the heaviest fall for many months.

To Legalize Polygamy.

SALT LAKE CITY, March 11.—Polygamy may be practiced without fear of prosecution under a law which has passed the Utah senate. The new law grants immunity from prosecution except under the United States statute to all persons living in polygamy. The federal statute applies only to the celebration of a plural marriage. The avowed object of this act, which was passed at the dictation of the Mormon church, is to allow men now having several wives to live with them undisturbed. In consequence preparations are already being made to resume openly polygamous relations.

Gorman Bill Passed In Maryland.

ANNAPOLIS, March 13.—The bill to amend the election laws so as to prevent illiterates from voting passed the house shortly before 3 o'clock yesterday afternoon, four Democrats, Messrs. Buckey, Pattison, Roberts and Garner, voting with the Republicans against the measure.

New Weekly Paper at Oswego.

OSWEGO, N. Y., March 13.—A weekly newspaper, nonpartisan politically and called The Pathfinder, has been started here with, it is said, a large financial backing.

HARRISON DYING.

End Expected at Any Time—All Hope Abandoned.

INDIANAPOLIS, March 13.—The latest bulletin says that the condition of General Harrison remained practically unchanged, with the exception that he was resting a little easier. At 10:30 last night W. H. H. Miller, former law partner of General Harrison and ex-attorney general of the United States, telephoned to John B. Elam, who was also a member of General Harrison's law firm, to come at once to the residence, as the condition of General Harrison was such that the worst was expected at any time.

Dr. Jameson reports the condition of General Harrison as extremely critical. It is impossible at this time to accurately state how long the patient will be able to withstand the deepening of the congestion.

Late last night Dr. Jameson gave out the following statement:

"General Harrison is growing weaker. The congestion is spreading, which is

BENJAMIN HARRISON.

alarming. He may live 35 or 40 hours, but I fear the end is now near.

"The increase in the number of respirations is an alarming sign to myself and the other physicians. It indicates that the inflammation is deepening and spreading. The present situation shows that General Harrison is battling for recovery with all the force and strength of a magnificent constitution and assisted by the vigor of a life lived according to the rules of hygiene, but battling unsuccessfully. He is gradually growing worse. Hour by hour his vitality decreases, and he is less able to resist the attacks of the inflammation. It is impossible at this hour to predict how long the struggle will endure. It may last 36 hours; it may last 48. I think the general will be able to go through the night successfully. The vitality and power of resistance manifested by General Harrison are wonderful."

ALL TO CHARITY.

Eccentric Woman Left $300,000 to Various Societies.

WHITE PLAINS, N. Y., March 13.—According to the will of Mrs. Marietta P. Hay, an eccentric widow of Tarrytown, who was in the habit of placing her money, bonds and jewels in a black bag and hanging it on a limb of a tree outside her bed chamber, she leaves an estate valued at $300,000. When she died two weeks ago, jewels and $5,000 were found sewed up in an old silk dress.

Mrs. Hay lived like a miser in two rooms of her big mansion. She bought little food or clothing, and yet she leaves practically her entire fortune to charity.

Among the largest beneficiaries under the will are the Dewitt C. Hay Library association at Lake George, Saratoga hospital at Saratoga Springs and the New York Infirmary For Women.

For the Pickering and White Chime tower at Sacketts Harbor she leaves 39 shares of the New Jersey Zinc company to keep the chimes in good condition. The Tarrytown Historical society gets the bonds of the Northwestern Grand Trunk Railroad company.

Mrs. Hay had lived the life of a recluse since the death, about five years ago, of her husband, Dewitt C. Hay.

The Thirtieth at San Francisco.

SAN FRANCISCO, March 13.—The transport Hancock has arrived from Manila with the Thirtieth United States volunteer infantry. There were in all 875 people on board, of which number 26 are army officers and 738 noncommissioned officers and men of the Thirtieth volunteers. The regiment is composed of men from the states of Michigan, Illinois and Indiana, the Michigan men predominating. The Hancock also brought 72 prisoners and discharged soldiers who were deported on a military order.

Consumption a Contagious Disease.

PHILADELPHIA, March 13.—Consumption has been placed on the list of contagious diseases by the board of health of this city, and physicians must now report to the health officer all cases and deaths. It is not the intention of the board to isolate victims of the disease. The work of the members is to be purely educational. It will consist of offering advice on questions of precautionary methods. Medicines and disinfectants will be supplied to worthy poor patients.

Large Starch Factory Burned.

KANKAKEE, Ills., March 13.—The Archer starch factory, the largest of the kind in the world, burned yesterday. Estimated loss, $325,000; insurance, about $125,000. Louis Ruell was badly burned. Twenty-five other workmen escaped. The explosion of a large grinder started the fire. Combustion due to iron nails and wet starch caused the explosion, which blew out the sides of the largest building and caused it to collapse.

The Illinois Made Good Showing.

NEWPORT NEWS, Va., March 13.—On her builder's trial trip yesterday the battleship Illinois more than measured up to expectations. The ship was not taken out to deep sea, but was given a run down the coast, the main object of the trip being to test her boilers.

Twelve New Plague Cases.

CAPE TOWN, March 13.—Twelve fresh cases of bubonic plague, including three Europeans, were officially reported yesterday. Another death, in this case a white person, has occurred from the disease.

The Emperor's Wound Healing.

BERLIN, March 11.—Emperor William's wound is healing, the swelling of the eyelids is subsiding, and his majesty's general condition is satisfactory.

A ONE SIDED FIGHT.

German Troops Still Killing Chinamen.

ACTIVITY NEAR THE GREAT WALL.

Berlin Authorities Puzzled to Know the Reason For the Movement of Chinese Troops at That Point.

BERLIN, March 13.—The war office has received the following dispatch from Count von Waldersee, dated Peking, March 11:

"In the fight west of Suling pass we had only one slightly wounded. The Chinese left 250 dead on the field.

"Our cavalry, with four quickfirers, pursued the Chinese 20 miles. A battalion remains at Fen-ping and westward from the great wall in order to prevent a return of the Chinese troops."

Official circles in Berlin declare that it is impossible to judge here exactly what leads to the Chinese activity around the great wall. The Russian papers are spreading reports that the movement there is engineered by General Tung Fu Hsiang and Prince Tuan for the reconquest of Manchuria. It is to the interest of Russia to circulate this view. On the other hand it is believed in Berlin that the Chinese troops near the great wall have but slight power of resistance, as the report of Colonel Ledebur's engagement seems to indicate. It is also believed that these Chinese troops are inferior to those sent against the allies before the capture of Peking.

The statement that Russia insists upon China's signature to the Manchurian convention rests upon Chinese authority, but Germany has no reason to suppress such information, and the fact remains that the agreement has not yet been signed.

Nothing is known here as to the published report that German capitalists are negotiating with high Chinese officials for the erection of arsenals at Nankin, Wuchang and other points, but the rumor is not believed in Berlin.

Unconditional Surrender Modified.

LONDON, March 13.—The Daily News this morning makes the following important statement: "We understand that the government have greatly modified the 'unconditional surrender' policy. We believe Lord Kitchener has been authorized to offer amnesty to both the Boers and the Boer leaders except where treachery is clearly proved. Cape rebels only are to be punished by disfranchisement. Loans are to be granted to the Boers for rebuilding and restocking their farms, and finally the government will offer to establish some kind of civil government so soon as all the commandoes have surrendered. Its form will probably be that of a crown colony, but with an important concession, which Sir Alfred Milner advises—namely, a council including Boers of position like General Botha, General Lucas Meyer and Mr. Schalkburger."

Mr. Bryan In Philadelphia.

PHILADELPHIA, March 13.—Colonel William Jennings Bryan paid a visit to this city yesterday and was entertained by publishers and editors of the leading newspapers. He visited the big newspaper offices and several publishing houses. Mr. Bryan stated that his visit was one of business alone. He stated that he is preparing to enlarge The Commoner and that he wants advertising. "I have found," he said, "that the advertisement end should never be overlooked by a progressive newspaper man. I started small, but I am ready to expand." Mr. Bryan attended a public meeting which was addressed by Sixto Lopez of Batangas, Philippine Islands. After the meeting he left for New York.

Slavery In South Carolina.

COLUMBIA, S. C., March 8.—The grand jury of Anderson county has made its report to Judge W. C. Benet and declared that a practical enslavement of negroes has been conducted in that county. The presentment was prepared by a special committee which visited the convict stockade camps in Anderson county and found confined therein negroes guiltless of any felony, but undergoing a term of servitude under voluntary contracts which they had signed in partial ignorance.

Big Job For the Hens.

KANSAS CITY, March 8.—H. M. Slayton of Manchester, N. H., capped the climax of a meeting of the Oklahoma and Kansas Produce Dealers' association here by giving an order to be filled by all members of the organization jointly for 200 carloads of eggs. The shipments are to be made a train at a time. The order means that the hens of Oklahoma and Kansas have ahead of them the task of laying 28,800,000 eggs this spring.

Old Stage Driver Dead.

SAN JOSE, Cal., March 11.—William Buckley, a pioneer stage driver and owner, is dead. He was born in Albany in 1828 and drove a stage in the Mohawk valley and along the old post road to New York city. He brought the first stagecoach across the continent from St. Louis to Salt Lake City in 1847.

A Truce With Botha.

LOURENCO MARQUES, March 9.—News has reached here to the effect that Lord Kitchener has granted Commandant General Louis Botha a seven days' armistice to enable the Boer commander to confer with the other Boer generals regarding the question of surrender.

Adopts Anti-Christian Science Law.

INDIANAPOLIS, March 8.—The Indiana legislature has passed a bill requiring all persons practicing medicine or the art of healing to take examinations and be licensed. This is aimed at the Christian Scientists and will drive them out of business.

Our Export Trade.

WASHINGTON, March 12.—The monthly statement of the exports of domestic products of the United States shows that during February the total exports amounted to $65,760,998. During the last eight months the total amounted to $598,740,375, an increase of $80,000,000.

Vassar's Big Farm Enlarged.

POUGHKEEPSIE, N. Y., March 11.—Vassar college has leased the Boardman farm of 400 acres to give pasturage for a herd of cattle, enlarged because of the growing student population. The college farm now embraces 1,000 acres of land.

TREATY REJECTED.

Amended Hay-Pauncefote Document Spurned by England.

WASHINGTON, March 12.—Lord Pauncefote, the British embassador, appeared at the state department yesterday and handed Secretary Hay a memorandum embracing an instruction from Lord Lansdowne, the British minister for foreign affairs, in regard to the Hay Pauncefote treaty.

The memorandum explains Great Britain's reasons for not accepting the senate amendment to the treaty and expresses regret that the negotiations should have been brought to such a conclusion.

There is nothing in the British answer to suggest that a reopening of negotia

LORD LANSDOWNE.

tions for a new treaty would be welcomed by Great Britain; in fact, the answer indicates that the Salisbury cabinet regards the question of arranging a convention to take the place of the Bulwer-Clayton treaty as ended. There is no doubt from the tone of the British answer that any attempt to reopen negotiations must be initiated by the United States.

FIFTY-SIXTH CONGRESS.

A Statement of What Was Done at Both Sessions.

WASHINGTON, March 13.—F. S. Wakefield, tally clerk of the house of representatives, has prepared a detailed statement of the work of that body during the two sessions of the Fifty-sixth congress.

The house passed during the two sessions 1,411 house bills and resolutions and 793 senate bills and resolutions, making a grand total of 2,204 bills and resolutions acted upon. It left upon its calendar unacted upon 593 house bills and resolutions and 89 senate bills and resolutions. Included in the above it passed a total of 158 house bills and resolutions which failed to become laws and 17 senate bills and resolutions which also failed to become laws. Twenty-nine of these legislative acts failed of signature, two were vetoed and a few recalled.

In the Fifty-fifth congress the house passed 1,473 bills and resolutions, while 641 reported from committees remained undisposed of.

The house was in session 197 days during the Fifty-sixth congress, while the average number of days in session for the past eight congresses was 331.

A total of 6,070 senate acts were introduced, of which but 1,050 reached the house, and on these the house committees favorably reported 813. Total number of bills introduced in the house during the last congress amounted to 14,339, and reports from committees were made on 2,193.

The reports on bills from the committees on military affairs, invalid pensions, pensions and war claims constituted a large portion of those reported, as follows: Military affairs 141, invalid pensions 1,881, pensions 200 and war claims 174.

Troops Coming Home.

MANILA, March 13.—Generals MacArthur and Wheaton yesterday reviewed the Thirty-fifth volunteer infantry and highly complimented the regiment for its fine appearance, service and proficiency. The United States army transport Thomas is expected to arrive here today from Mindanao with the Twenty-eighth volunteer infantry on board and to leave March 15 for home with this regiment.

Between the ages of 15 and 45, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One-third of the best part of a woman's life sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigorous and perfect health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

Some people can't enjoy a good fire on a cold night without thinking of the price of coal.

Here is an amusing fraud. A firm in Toronto has been advertising extensively to send on receipt of $1 a copy of the most remarkable book ever printed. "Contains more information than any bock ever printed, 675 pages. Every sport should have one. Publication suppressed in some countries." The number of persons wanting such a book was surprising and the orders came in until the post-office department, fearing that the mails were being used for an improper purpose, sent a dollar in the name of one of its employes. It promptly received a copy of a fifteen-cent Bible, and not wishing to disturb so commendable an enterprise, the distributors of the book have not been molested.

The average woman who is a wife and mother, with a home to take care of, cannot engage in profitable work outside of her home without detriment to her domestic interests. If she attempts it either the machinery of the home itself, the wisest training of her child or children, or her own mental growth or physical strength will suffer. There are exceptions, but superlatively clever women are rare—about as rare as superlatively clever men.—Edward Bok, in the March *Ladies' Home Journal.*

THE RIGHT THING TO PUT ON.

(Benson's Plaster is Pain's Master.)

From the natural impulse to "put something on" a painful spot all applications for the relief of pain have arisen.

The most successful have ever been poultices or plasters, and the best of these is Benson's Porous Plaster.

No other has anything like the same power as a curative agent; it is highly and scientifically medicated, and its standard is advanced year by year.

Use Benson's Plaster for coughs, colds, chest diseases, rheumatism, grip, neuralgia, kidney trouble, lame back, and other ailments that make Winter a season of suffering and danger. It relieves and cures quicker than any other remedy.

Do not accept Capsicum, Strengthening or Belladonna plasters in place of Benson's, as they possess none of its curative power. Insist on having the genuine.

The people of every civilized land have testified for years to the superlative merit of Benson's Plasters; and 5,000 physicians and druggists of this country have declared them worthy of public confidence.

In official comparisons with others, Benson's Plasters have been honored with *fifty-five* highest awards.

For sale by all druggists, or we will prepay postage on any number ordered in the United States on the receipt of 25c. each. Accept no imitation or substitute.

Recruiting Brisk.

WASHINGTON, March 13.—An increase of over 100 per cent in the number of enlistments for the regular army since the work of recruiting was begun Feb. 8, just after the passage of the army reorganization bill, has encouraged war department officials. They now feel confident there will be no trouble about finding all the men necessary to bring the army up to its full proportion before the date arrives when the volunteers must be mustered out. Adjutant General Corbin has been receiving almost daily reports from the recruiting officers scattered throughout the country showing the results of their work. At the end of the first week 368 recruits had been obtained. For the week ended March 8 736 recruits were obtained.

A Bloody Rain In Sicily.

PALERMO, March 11.—A strange phenomenon is now being witnessed here. For many hours a heavy red cloud has extended over the city, the sky being a deep red. The rain now falling resembles drops of coagulated blood. This phenomenon, which is called "bloody rain," is attributed to dust from the African deserts, transported by the heavy south wind now blowing. A dispatch from Rome says the phenomenon now to be seen there extends also over southern Italy. At Rome the sky is yellow, and at Naples a rain of sand has fallen, the heavens being dark red.

An Opal For the King.

LONDON, March 9.—Mr. Maurice Lyons, a lawyer of Queensland, intends to give King Edward what is believed to be the largest and finest opal in the world. In the opinion of London lapidaries its only rival in size and beauty is one possessed by Emperor Francis Joseph. The Lyons gem was shown privately in the office of Sir Horace Tozer, agent general of Queensland, to the other Australian agents general. It is oval in shape, two inches long and an inch and a half deep and weighs 250 carats.

Niagara by Searchlight.

NIAGARA FALLS, March 13.—Experts of the General Electric company, with new and powerful apparatus from Schenectady, have tested searchlights on Niagara falls from Falls View. The Michigan Central has long desired to give its patrons a magnificent view of the falls under the electric light operation by the power of the falls itself. The first night's work in spite of disadvantages and the scope to be covered was successful and demonstrated its practicability.

Letter From Washington Found.

KALAMAZOO, Mich., March 8.—An autograph letter of George Washington, dated 1766, was found among some waste paper stock at the Bryant paper mill. It was written to Captain James J. Jamieson, a New York merchant, asking for boat freight rates on a quantity of flour. Two copies of The Federal Gazette and Baltimore Advertiser over 100 years old and an autograph letter of Robert Morris of Philadelphia, dated 1793, were also found. The waste paper came from Philadelphia.

Schley Ordered Home.

WASHINGTON, March 13.—Orders have been issued at the navy department detaching Rear Admiral W. S. Schley from command of the south Atlantic station and ordering him home for further orders and detaching Rear Admiral B. J. Cromwell from command of the Portsmouth navy yard April 1 and ordering him to command of the south Atlantic station, sailing from New York April 3.

Grain In Farmers' Hands.

WASHINGTON, March 12. — The amount of wheat in farmers' hands on March 1 was 128,100,000 bushels; corn, 776,200,000; oats, about 292,800,000.

TERRIFIC EXPLOSION

Eight Killed and Twenty-nine Injured In Chicago.

MANY BUILDINGS WERE SHATTERED.

Bursting Boiler In a Laundry Caused the Damage—The Ruins Being Searched For Dead Bodies. Many Persons Missing.

CHICAGO, March 12.—By the explosion of the boiler in the Doremus laundry, 458 West Madison street, yesterday 8 people were instantly killed, 29 were injured and several are missing.

The cause of the explosion has not been determined with accuracy as yet and it will probably require an official investigation to settle the matter. It is known that the boiler was old, a second hand affair, and there is no record in the office of the city boiler inspector of any inspection having been made within the last year. Pending the verdict of the coroner's jury A. L. Doremus, the proprietor of the laundry, is held in custody by the police, and it is the intention of the authorities to institute criminal proceedings against him should the facts brought out at the investigation warrant such proceedings.

The list of dead and wounded was difficult to secure. Reports of the number of dead in the ruins run all the way from 6 to 20. It is known that 36 employees of the laundry had entered the place before the explosion, because the automatic timekeeper found in the ruins and which was not damaged showed that number of registered arrivals. Two or three were entering at the moment of the explosion, making an approximate total of 40 employees in and around the building. The list of injured includes, however, several people residing in the adjoining buildings, nearly all of which were badly damaged. The most conservative estimate by the police concedes that at least three, dead or alive, are still in the ruins.

The explosion was one of almost unparalleled severity. For nearly two blocks up and down Madison street buildings were shattered by its force. Practically every window in these two blocks was broken, and the list of persons cut by falling glass will reach to 50 or more. Persons who were in bed in the near vicinity say they were hurled from their beds. Men in barrooms were dashed to the floors and covered with showers of glass. Passengers in street cars were thrown violently from their seats.

First Shipment of Oil.

AUSTIN, March 12.—A dispatch from Port Arthur says: "The first shipment of oil from the great Lucas gusher has just been made from Port Arthur. It amounted to 6,000 barrels of the crude oil and is consigned to Philadelphia. The pipe line built by Messrs. Guffy & Galey, owners of the Lucas well, will soon be in regular operation."

Our Working Girls.

Life to the most favored is not always full of sunshine, but to the average American girl or woman who is obliged to work for her living, and, perhaps to help others at home, life is often a heavy drag in consequence of illness.

Women who work, especially those who are constantly on their feet, are peculiarly liable to the development of organic troubles, and should particularly heed the first manifestations, such as backache, pains in the lower limbs and lower part of the stomach, irregular and painful monthly periods,

MISS ELLA BRENNER, E. ROCHESTER, OHIO.

faintness, weakness, loss of appetite and sleep.

The young lady whose portrait we publish herewith had all these symptoms, and in addition leucorrhoea, and was cured by Lydia E. Pinkham's Vegetable Compound. First, she wrote a letter to Mrs. Pinkham's laboratory at Lynn, Mass., describing her trouble, received in reply accurate instructions what to do to get well, and now wishes her name used to convince others that they may be cured as she was.

The same helping hand, free of charge or obligation, is extended, to every ailing woman in America. If you are sick you are foolish not to get this valuable advice, it costs you nothing, and she is sure to help you. Don't wait until it is too late—write to-day.

Telephone System Knocked Out.

OGDENSBURG, N. Y., March 13.—Not a telephone is working in Ogdensburg. The guy wires broke, letting a cable drop on to the electric light wires, which so charged it with electricity as to set fire to the cable box, destroying every wire as well as the leaders. The fire alarm wires melted, opening the circuit and ringing all alarm gongs. A chemical engine was stationed at the exchange to prevent damage to its interior. Linemen and cable men have been summoned from Syracuse, Watertown and Gouverneur, and it will require ten days to repair damages.

Biggest Gun In the World.

TROY, March 12.—The 16 inch gun, the biggest in the world, which is being built at the Watervliet arsenal, will be sent to the proving grounds at Sandy Hook next fall. The gun will be finished next July.

Cough, Cough,

Night and day, until the strength is entirely exhausted, and that dreaded word "*Consumption*" begins to be whispered among friends. That's a common story, familiar to the people of every town and village.

There's another story which ought to be as widely known as the story of disease, and that is the story of the cures effected by the use of Dr. Pierce's Golden Medical Discovery. Bronchitis, asthma, obstinate, deep-seated coughs, bleeding of the lungs, and other forms of disease which affect the respiratory organs, are permanently cured by the use of "Golden Medical Discovery."

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both night and day. My friends all thought I had consumption. My wife insisted on my trying Dr. Pierce's Golden Medical Discovery—which I did. I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for book in paper covers or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

EX-PRESIDENT HARRISON DEAD.

Ex-President Benjamin Harrison died at his home in Indianapolis on Wednesday at 4:45 p. m. An account of his illness appears in our telegraphic columns.

WASHINGTON.

From our Regular Correspondent.

Washington, March 11, 1901

Senator Platt, of Connecticut, who did not make himself conspicuous as an advocate of the Ship subsidy bill, is the ostensible author of the resolution for the adoption of a cloture rule in the Senate, but that dosen't blind anybody. The Hanna crowd is behind the movement, the principal object of which is to make sure that the Ship subsidy bill does not fail when it is next brought forward. as it did in the last Congress. There is a suspicion also that this cloture rule job, if successful, will involve the unloading of the Panama Canal, with its long and dirty record of fraud and theft, on this country, and other reckless jobbery to be paid for by the taxpayers money. It is believed to be the advance move in the most gigantic scheme of the public looting ever seen in this or any other country. With a cloture rule in the Senate Congress would be a mere machine to register the will of the bosses of the Republican party. It was at first intended to try to jam this resolution through at the present session of the Senate, although it has always been the custom to deal with nothing but executive matters at these special session but so determined was the opposition that it was clear the special sessions, would run on indefinitely if it were attempted, so the resolution was referred to the committee on Rules.

∴

Well, well! Teddy has tired of being the whole show already. He glared at the galleries, the occupants of which were applauding him, and threatened to have them cleared by the sergeant-at-arms if the applause was repeated. Really, Teddy will have to take something for his ingrowing modesty.

∴

Senator Morgan is determined to keep before the people the fact that it is the British influence that has caused and is causing Republican opposition to Nicaragua Canal legislation. In view of the fact that the Hay-Pauncefote treaty lapsed by limitation March 4, and in line with that determination Senator Morgan has introduced a resolution declaring the Clayton-Bulwer treaty abrogated. The Republicans have met this by declaring that the Senate cannot alone abrogate a treaty, and have gone away back to 1808 to find a precedent showing that the House must also act and the President sign to bring about the abrogation of a treaty. This is because they do not wish to have Senator Morgan's resolution considered at the present extra session of the Senate. Senator Morgan made a speech in support of his resolution that was one of the warmest heard on the floor of the Senate for a long time, in which he said of the Clayton-Bulwer treaty "We will make no compromise with Great Britain on that subject We will make no concession to Great Britain in relation to that treaty. What we shall do with it (and some of our people are opposed even to that), is that we shall declare it abrogated. If the vote on my resolution could be taken today it would inform the President that he has no two-thirds vote in the Senate to adopt any compromise he may make with Great Britain. If it is the purpose of Great Britain still to look for delay she will not get it. If it be her determination to pick a quarrel with us about it she will find the U S. can muster at least half of the number of men who voted for President in the last Election-Fighting men. And she will find, when the war terminates, that the steel band which binds the throne to Canada will have been rent in twain; and with its severance down will go the empire."

∴

Seuator Patterson, of Colorado; Dubois, and Heftfeld, or Idaho; Harris, of Kansas, and Turner, of Washington attended the caucus of Democrats held this week to consider ways and means of dealing with the Republican scheme for introducing the Reed rules in the Senate and making that body, like the House, merely a machine to record the will of one man. Senator Jones, of Nevada; Wellington, of Maryland; Teller of Colorado; and Allen, of Nebraska (Mr. Allen will retain his seat in the Senate under the governor's appointment until his successor is elected or the legislature adjourns without electing a Senator) who now call themselves independents, did not attend the caucus, but it is believed that they will join the Democrats in opposing a cloture rule in the Senate. Senator Teller says that whatever may be done at the regular session, he is very certain that no cloture rule will be adopted by the Senate at the extra session. It is difficult to see how one can be adopted at any session without the consent of the minority, as the proposition can be indefinitely debated under the present rules.

∴

The secret of why Senator Carter so unexpectedly talked the River and Harbor bill to death in the closing hours of the recent session of Congress has been ascertained. He acted for President McKinley, who, owing to the enormous total of appropriations, wanted the bill killed, but did not care to offend those interested in it by doing it with his little veto. Carter was chosen to do the work because as he was about to leave the Senate he did not object to offending influential Senators and he knew that the failure of the bill would not make him any enemies in Montana. It is said that Carter's reward will be aid from the administration to return to the Senate, and failing in that a fat Federal office for himself or the control of Federal patronage in Montana as he may prefer.

∴

Pres't McKinley has stated that he would not again send the nomination of either Schley or Sampson to the Senate for promotion. In that case they will both be retired as rearadmirals, Schley next October, and Sampson three months later, and Schley will receive no reward for having destroyed Cervera's fleet.

American Heirs Under Will That Was Made 200 Years Ago.

James I. Beatty, a grocer of Trenton N. J., has been notified that he is one of the direct heirs to a fortune of more than a million dollars that has been in the courts of Scotland for more than two hundred years. The Beatty family is one of several in the United States entitled to the legacy. The fortune was left by Lord Douglas of Aberdeen, Scotland, about two hnndred years ago, to his heirs of the fifth generation, when the principal and interest was to be divided among them.

Mr Beatty and the other heirs are of the fifth generation, hence the official notification of their title to the fortune. Mr. Beatty, when informed of his good fortune, said he had often heard his mother and grandmother speak of the legacy, but he had never taken it seriously.

Why Lord Douglas left the peculiar legacy is not told. The family is one of the three most powerful in Scotland. In 1761 a daughter of Lord Douglas was kidnapped and brought to America, where she was adopted by a Quaker family of Philadelphia. She was married there. Beatty is a direct descendant from this daughter. Several years ago he and other heirs in this country sent a lawyer to Scotland to investigate the Douglas legacy. What became of the lawyer is not known, but he never returned.

It is known that Lord Douglas by his will left much of his property in trust for five generations, it to be divided then among his direct descendants; or, should there be none to revert to the landed estate.

Last week Sarah E. Paul, of Columbia, Warren county, N. J., received a letter from a prothonotary in Scotland, notifying her that the great legacy is available. The other heirs are Mrs. James Fox, of Courtland, Pa.; George A. Beatty, of Hackettstown. N. J., and O. C. Beatty, of South Bend, Ind.

There are many direct heirs who will come in for a share of the estate residing in Columbia County. Among them being the Fortner family and J. S. Woods of this town. The latter has in his possession depositions taken many years ago.

TOWN COUNCIL MEETING.

This Was the Last Session of the 1900 Council.

The body of men elected by the people of Bloomsburg in February of last year to look after the municipal affairs during nineteen hundred held the concluding session in the Council chamber Thursday evening last.

Secretary Freeze Quick read the previous meeting's proceedings, which upon motion, were adopted.

A communication from the Town Solicitor, Fred Ikeler, Esq., was presented and read. He had interviewed B. A. Gidding and F. D. Dentler in regard to damages sustained by them by reason of an overflow of the sewer. Mr. Gidding placed the amount at $75 and Mr. Dentler at $50. The matter was taken up by Council and upon motion the Secretary was instructed to issue orders to pay the same.

Mr. Cronin suggested that people having sewer connections in their buildings use traps which would preclude the possibility of any further damage from this source. The matter was referred to the Committee on fire and water.

The Finance Committee was ordered to confer with the tax collector, looking to a settlement of the 1898 duplicate, and it was also moved and seconded that J. K. Bittenbender be requested to turn in the tax duplicates of 1895 and 1896. Sixty days to be allowed him for that purpose.

On motion of Mr. Dieffenbach the gutters along the Neal farm were ordered to be repaired. The crossing on North Iron Street was also reported to be in bad condition.

The Good Will Fire Company asked that the regular appropriation of $75 00 be granted. To this R. R. John, Esq., representing the other faction of the divided company objected stating that Council could not legally make such payment to a company not in possession of the charter. President Ikeler however, overruled the objection, and after a few remarks by W. C. Johnston Esq. representing the Fire Company, in which he said that the company possessed all the apparatus for fighting fire, which was sufficient to give the Council the right to grant the appropriation asked for, without the charter, the same was granted.

The fire police badges were ordered to be returned to the Good Will Fire Company No. 4.

On motion of Mr. John seconded by Mr. Hartman the Ordinance for taxing poles erected in said Town is laid over until next regular meeting and carried.

On motion duly seconded the ordinance granting a franchise to the Electric Railway Company through the streets of said Town is declared null and void and carried.

The Street Committee was given power to act in a complaint made by Mr. Neyhard, in regard to the blocking up of the road along the D. L. & W. Railroad by people dealing in railroad ties.

Mr. Dieffenbach suggested that the now in force Town Ordinances be reprinted and indexed. On motion, seconded, the Secretary was ordered to prepare the same in the form described and submit it to Council for action

Bills incurred during the month were presented and ordered paid.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

Seaboard Air Line Railway.

TO PINEHURST, N. C., CAMDEN, S. C., AND ALL FLORIDA POINTS.

The FLORIDA AND METROPOLITAN LIMITED and FLORIDA AND ATLANTIC FAST MAIL are the finest and fastest trains operated between New York and the famous health resorts of the Carolinas and Florida.

PINEHURST, N. C. is a model New England town, nestled among the pine clad sand hills of the old North State, and only eighteen hours from New York, via SEABOARD AIR LINE RAILWAY. It is one of the healthiest and most enjoyable winter resorts in America, with the finest and most palatial hotels and best eighteen hole golf links in the South. Through sleeping-cars from Washington, D. C. Passengers from north thereof can take through car by passing from New York Sleeper to Washington and Pinehurst Sleeping-Car at Washington.

CAMDEN, S. C. is one of the nearest resorts for northern tourists where they are secure from the cold climate of Northern winters. Besides its fame as a healthful and attractive winter resort. the historic interests connected with the town and locality are most quaint and interesting.

THE HEALTH AND PLEASURE RESORTS OF FLORIDA are too well known to need more than a passing allusion. There you find the most luxurious hotels and most attractive and popular winter resorts in America.

THE SEABOARD AIR LINE Railway is positively the shortest and quickest route operating solid vestibuled limited trains, with Pullman's latest improved service, including Dining, Observation and Pullman Compartment Cars, between New York and Florida.

For information and tickets call on or address Charles L. Longsdorf. New England Passenger Agent, 306 Washington St, Boston, Mass.; J. C. Horton, Eastern Passenger Agent, 1206 Broadway, New York; W. BLOOMSBURG, PENN'A.

A ⁜ FAIR ⁜ EXCHANGE.

That's the rock that honest, up to date merchandising rests on. No store can permanently succeed by giving one jot less than full and complete value for the money spent. Circumstances sometimes make it possible to give more than a fair exchange, but no circumstance or combination of circumstances, should tempt a store to give less than a just equivalent. Reading principles is one thing, and practicing them is another. We invite you to investigate and see for yourself how closely our practice follows our preaching.

Jersey Shore is now in total darkness. The cause for this condition of affairs is said to be the inadequacy of the returns to meet the cost of production. The plant has been conducted by the borough for some time past, but the officials preferred darkness to debt, and so decided to close down the plant.

Farmers in some of the adjacent counties are up against a new bunco game. They sign what they believe to be an order for a gold watch, which they are to receive, free, or at a nominal price, and the signature turns up at the bottom of a promisory note. It is the old and oft told story. The man who expects to get something for nothing is likely to get swindled.

There have been no new developments in the McHenry murder case, and a solution of the mystery is as far off apparently as on the day of the crime. It is authoritatively stated, however, that a thorough investigation of the premises will soon be made in the hope of finding the weapon with which the shooting was done, or some other evidence sufficient to establish a clue.

The ladies of the G. A. R. will give a constelation party in the G. A. R. Hall on Friday evening, March 15, at eight o'clock. The proceeds will go toward the furnishing of a room in the new Hawkins Home for infirm soldiers or their wives, located at Hawkins' Station, Pa.

TREACHERY

A persistent cough is at first a friend, for it gives warning of the approach of a deadly enemy. Heed the warning before it is too late, before your lungs become inflamed, before the doctor says, "Consumption." When the danger signal first appears, help nature with

Ayer's Cherry Pectoral

Don't delay until your lungs are sore and your cold settled down deep in your chest. Kill the enemy before the deadly blow kills you. Cure your cough today.

One dose brings relief. A few doses make the cure complete.

Three sizes: 25c. for an ordinary cold; 50c. for the harder colds; $1.00 the most economical for older cases.

"I consider your Cherry Pectoral the best remedy for colds and coughs and all throat affections. I have used it for 30 years and it certainly beats them all."

The Lenten services now being held daily in St. Paul's Episcopal church are very interesting and the attendance and interest manifested is most gratifying.

No one wanted the postmastership at Wilsons, Lycoming County. In fact the department made efforts to secure a suitable person, but they were futile and the office was abandoned.

All the machinery necessary for the operation of the new industry, the Henry W. Gibbons Company, arrived last week. The company has a sufficient number of orders already on hand to keep the plant running for some time.

Harry P. Snively, a colored porter at Kessler's Hotel, Northumberland, was stabbed in the abdomen by a st ranger at the D. L. & W. depot in that town yesterday. The victim is in a precarious condition. The unknown would-be murderer made his escape.

The hum and noise of the rapidly revolving machinery in the Carpet Mill, after the usual quitting time Tuesday attracted the scribe's attention as he was passing by. An inquiry revealed the fact that some large orders have been received and that extra work is necessary.

An excellent likeness of our townsman E. S. Fornwald, appeared in Sunday's issue of the Philadelphia *Inquirer*. He is receiving congratulations on his election to the office of Grand Commander of the Knights of Malta. The election took place the latter part of February and his term will commence in May next. This station is the highest of the order in the state, and Mr. Fornwald is worthy of it in every sense.

B. F. Sharpless, the newly-elected Coroner of Columbia county, has appointed W. J. Gerrity, the popular young Justice of the peace, of Centralia, a deputy coroner of that district. Mr. Gerrity's term as depury coroner has just expired, and the fact of his retension in office, by Coroner Sharpless, is an indication of his ability and fitness for the place. 'Squire Gerrity has, by his genial disposition and many acts of kindness, made a host of friends in and about Centralia, where he has been a recognized factor in politics for the past ten years. His appointment is a popular and deserving one, as is evident by the congratulations being showered upon him.—*Ashland Telegram.*

We, the undersigned Auditors of Columbia county, being elected to adjust and settle the accounts of the Commissioners and the Treasurer of Columbia county, do hereby certify that we met at the Court House, in Bloomsburg, Pa., on Monday, January 7th, 1901, at ten o'clock a. m. Organized and proceeded to audit the accounts of the above-named officers. After examining and correcting the same, from January 1st, 1900, to January 4th, 1901, we do certify them to be correct, as above stated.

We find a balance due the said county, on the 4th day of January, A. D. 1901, by Jeremiah Snyder, Treasurer, sixteen hundred and thirty-seven dollars and thirty cents.

The following bills we surcharge against the Commissioners, Nehemiah Kitchen, Wm. H. Fisher and Wm. Krickbaum, for the year 1900: B. F. Zarr's bill, No. 977, amount, $50.00. This bill, not being itemized, and he being Solicitor for the county, we were unable to ascertain to what extent the county was liable, if any. Also bill of B. F Zarr, No 978, amount, $20.00, expenses in road view, near river bridge, he being Solicitor for county, is not entitled to same.

ONE SHORT PUFF CLEARS THE HEAD.—Does your head ache? Have you pains over your eyes? Is the breathe offensive? These are certain symptoms of catarrh. Dr. Agnew's Catarrhal Powder will cure most stubborn cases in a marvellously short time. If you've had catarrh a week it's a sure cure. If it's of fifty years' standing it's just as effective. 50c.

A REMEDY FOR THE GRIPPE.—A remedy recommended for patients afflicted with the grippe is KEMP'S BALSAM, which is especially adapted for the throat and lungs. Don't wait for the first symptoms of the disease, get a bottle to-day and keep it for use the moment it is needed. If neglected the grippe has a tendency to bring on pneumonia. KEMP'S BALSAM prevents this by keeping the cough loose and the lungs free from inflammation. All druggists sell KEMP'S BALSAM at 25c and 50c. 3-14d4t

DR. AGNEW'S OINTMENT CURES PILES.—Itching, bleeding and blind piles. Comfort in one application. It cures in three to six nights. It cures all skin diseases in young and old. A remedy beyond compare, and it never fails. 35c. 32
Sold by C. A. Kleim.

When society people go to the theatre, they do not move in the upper circles.

DISTRESSING STOMACH DISEASE—Permanently cured by the masterly power of South American Nervine Tonic. Invalids need suffer no longer, because this great remedy can cure them all. It is a cure for the whole world of stomach weakness and indigestion. The cure begins with the first dose. The relief it brings is marvellous and surprising. It makes no failure; never disappoints. No matter how long you have suffered, your cure is certain under the use of this great health-giving force. Pleasant and always safe. Sold by C. A. Kleim, druggist, 128 West Main street, Bloomsburg, Pa. 1y4 19

LIKE TEARING THE HEART STRINGS.—"It is not within the conception of man to measure any great sufferings from heart disease. For years I endured almost constant cutting and tearing pains about my heart, and many a time would have welcomed death. Dr. Agnew's Cure for the Heart has worked a veritable miracle."—Thos. Hicks, Perth, Ont. 30

WHILE THERE IS LIFE THERE IS HOPE.—I was afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shautz, Rahway, N. J.
The Balm reached me safely and the effect is surprising. My son says the first application gave decided relief. Respectfully, Mrs. Franklin Freemen, Dover, N. H.
The Balm does not irritate or cause sneezing. Sold by druggists at 50c., or mailed by Ely Brothers, 56 Warren St., New York.

RELIEF IN SIX HOURS.—Distressing kidney and bladder diseases relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by C. A. Kleim, druggist, 128 W. Main St., Bloomsburg, Pa. 4 26 1y.

If everybody paid promptly, the bill collector would be out of a job.

FOSSIL PILLS.—The demand is proof of their worth. Dr. Agnew's Liver Pills are beating out many fossil formulas at a quarter a box. They're better medicine, easier doses, and 10 cents a vial. A thousand ailments may arise from disordered liver. Keep the liver right and you'll not have sick-headache, biliousness, nausea, constipation and sallow skin. 31

Improved Train Service to Buffalo.

THE PENNSYLVANIA RAILROAD TO INAUGURATE DOUBLE DAILY FAST TRAIN SERVICE BETWEEN PHILADELPHIA, BALTIMORE, WASHINGTON AND BUFFALO.

On March 18 the Pennsylvania Railroad Company will place in effect its new schedule of passenger trains between Philadelphia, Baltimore, Washington and Buffalo. Under this schedule two fast express trains will be run each way daily. The day train will leave Philadelphia 8:30 a. m., Washington 7:50 a. m., Baltimore 8:50 a. m., arrive Buffalo 8:00 p. m.; returning will leave Buffalo 8:30 a. m., arrive Philadelphia 7:32 p. m., Baltimore 7:39 p. m., Washington 8:35 p. m. This train will carry Pullman parlor cars, dining car, and coaches.

The night train will leave Philadelphia at 8:25 p. m, Washington 7:15 p. m, Baltimore 8:30 p. m., and arrive Buffalo 7:35 a. m.; returning, leave Buffalo 8:00 p. m., arrive Philadelphia 7:22 a. m., Baltimore 7:20 a. m., Washington 8:30 a. m. This train will carry through vestibule Pullman buffet sleeping cars and coaches.

Stops will be made by these trains at York, Lancaster Harrisburg, Sunbury, Milton, Williamsport, Lock Haven, Driftwood, Emporium Junction, Port Alleghany, and Olean, in both directions, and at Arcade and East Aurora northbound.

They will be through solid vestibule trains.

This augmented service has been made necessary by the increase in travel to and from Buffalo and the prospective heavy traffic on account of the Pan-American Exposition.

obligations of the bond, inter alia, that he has made "a just account of all moneys that came into his hands in behalf of the County" during such period of time, if in fact it would relieve him at all from his obligations under it. The bond alleged to have been given could only be the bond authorized by law and that should be the one provided and authorized in the Act of 27th May, 1841, Section 6 P. L. 401. Such a bond could only be given upon an order of the Court and when given would be additional security and not a termination of the obligations of the original bond. Therefore, in our judgment, the fact that a new bond has been given does not change the applicability of the Act of March 31st, 1860, P. L. 399 Par. 66 to the respondent."

On Monday afternoon an injunction was asked for by District Attorney Harman to restrain William Krickbaum from exercising the office of county commissioner, and the Court made the order.

Whether Mr. Krickbaum will appeal or not, we are unable to say. There are numerous applicants for appointment to fill the vacancy. It is understood that the Court has the power to appoint a commissioner to fill the unexpired term, which would end on January 1st, 1903.

It would be only fair that the appointee should reside in Bloomsburg, and whoever he may be, he should be an honest, sober and competent business man.

THE ELECTRIC RAILWAY.

Work on the Enterprise Temporarily Suspended on Account of Unfavorable Weather.

The unfavorable weather of the past three weeks has caused a temporary suspension of work on the proposed electric railway, but we are informed by one of the contractors that just as soon as the frost leaves the ground sufficiently to excavate, and weather is better adapted work will be carried on with renewed energy and a larger force. In the meantime the men in charge of the office recently established in the Exchange Hotel are busily engaged making plans, and arranging matters so as to expedite the work of construction when favorable weather arrives.

The contract for furnishing the necessities of the power house, that is steam apparatus, such as boilers and engines, has been awarded to the Harrisburg Foundry and Machine Works. Other contracts will be awarded later.

As already stated the work of grading the railroad, digging the foundation and so on will necessitate the employment of labor, and, the official says that the men hereabouts will be given the first chance. This will afford an excellent opportunity to those who have been complaining of the scarcity of work, and it is hoped that they will take advantage of it.

A Fine Concert.

The Male Choir or Glee Club connected with the Young Men's Christian Association gave an excellent concert to a large and appreciative audience in the Methodist Church, Friday night last. The spacious audience room was well filled with people, and not a person was there who was not fully pleased. Every number in the program was well received, especially the solos and quartetts and the concluding number "Soldiers in Arms." The soloists, Mr. Ent, Mr. Yetter, Dr. Aldinger and Mr. Colley made a very favorable impression. Their voices were admirably suited for the pieces selected and the audience showed its appreciation by giving each one of them an encore.

While the last number was being rendered, the large flag which had been arranged over head was lowered and as its folds dropped noiselessly to the words of "Comrades in Arms" the finale was a grand and impressing one.

Sale Postponed.

Owing to the stormy weather Saturday morning the sale of C. B. Ent's property on West Third street was postponed until Saturday, March 16th, at two o'clock p. m. Anybody desiring to purchase the property at private sale in the meantime can do so by calling on Mr. Ent. Otherwise it will be sold at public sale on the date above mentioned.

There appears to be a scarcity of tenement houses in Catawissa.

tory now operated by the Hawley-Slate Company. It was in November last that his health began to fail and he was obliged to abandon his position as watchman at the Espy furniture works. Besides a complication of diseases, his age was against his recovery, and his death was not altogether unexpected. For several years he had been living with his son-in-law, Theodore Redeker, on East street, who with four other children, Willits Redeker, of Berwick, Howard, of Wilmington, Del.; Miss Maggie, Mrs. Theodore Redeker, and Milton, all of town survive. The remains will be taken to Hughesville this morning for interment.

ELIAS GIGER.

The subject of this sketch was born July 5th, 1820, in Montour township, this county, and died at his home midway between Fourth and Fifth streets Saturday afternoon. Had he lived until the coming July he would have been eighty-one years old, an age attained only by a few His death is attributed to heart disease, together with discomforts attendant upon advanced years. He is survived by a wife. The funeral took place Tuesday. The remains were taken to Grovania for interment.

PETER JACOBY.

Saturday afternoon occurred the death of Peter Jacoby, at his home in Mt. Pleasant township. He was afflicted with heart disease and dropsy. There are but few residents of this county who were not acquainted with the deceased. At the time of his death he was in the eighty-fourth year of his age. The surviving children, six in number, three sons and three daughters are scattered over the county. Rev. J. D. Smith, of the Baptist church, this town, conducted the funeral services, which were held Tuesday afternoon. Burial was made in Rosemont cemetery.

MRS. FRANK EDGAR.

Peculiar sadness surrounds the death of Mrs. Frank Edgar, which occurred at her home in Wedgetown early Sunday morning, as by reason of it seven children are bereft of a mother. She was aged thirty-six years, and was a daughter of Benjamin Low, of Iola. Her surviving husband has the sympathy of all. The funeral was held yesterday.

MISS IDA EVES.

After a brief illness with the ever prevalent grip, Miss Ida Eves died at the home of her sister, Mrs. James Sands, Millville, Sunday afternoon, aged thirty-one years The young lady was a consistent christian, was known and admired by a host of friends and many hearts are aching as a result of her demise. The funeral will be held this afternoon with interment at Millville.

MYRON FETTEROLF.

Myron Fetterolf, aged nine years, died from brain fever at the home of his parents Mr. and Mrs. Peter A. Fetterolf in Mifflinville Sunday night. Not until the day previous did he show any signs of illness or complain of feeling unwell. The funeral takes place to-day.

Copy of a letter Received From Ex-Governor Robert E. Pattison, of Philadelphia

The many friends of Col. A. D. Seely will be gratified to learn that he has received a letter from Ex-Governor Robert E. Pattison promising to be in Berwick on Decoration Day. To be very exact, the letter says, "I will be with you." Now Berwickians know the full import of these words. When Robert E. Pattison writes that he will be here again on the 30th day of May, we realize that we are to have with us on that occasion the most representative Pennsylvanian of the present day, a truly typical son of our grand old Keystone State. Large of frame, and unusually gifted with resources, an idealist, if we wished to embody the virile features and most salient characteristics of our statehood, than him could choose no better model.

We give his letter in its entirety below, merely stating that our community for his promise are indebted to Col. Seely, who, ever since he was so pleasantly associated with Governor Pattison as a member of his staff, has been importuning him for this favor.

PHILADELPHIA, PA., March 4, 1901.
COL. A. D. SEELY, Berwick, Pa.

My Dear Colonel:—I would have sent an earlier reply to your letter of Feb 26th but absence from the city prevented. I write now to assure you that I will be with you on Decoration Day. I look forward to a pleasant time, and I will be greatly delighted to meet our friends on that day.

With kindest regards and best wishes, believe me,

Yours truly,
ROBERT E. PATTISON.

Notice is hereby given that the County Commissioners, sitting as a Board of Revision, will attend, at their office, in Bloomsburg, for the purpose of finally determining whether any of the valuations of the Assessors have been made below a just rate, according to the intent and meaning of the Act of July 27th, 1842, and to raise, reduce and equalize the same according to law, March 20th for all the districts south of the river; March 21st for all districts west of Big Fishingcreek, and March 22d for balance of districts being those through which said creek passes, and those wholly on east side, at which time and place all persons for themselves and districts desiring to be heard can attend. The returns will be open for inspection until said revision is completed.

The Centralias and Conyngham do not show full returns, assessors for these districts returning only owners of real estate.
